

## FUNCTIONAL SAP ANALYST

---

Solutions Beyond Technologies is a professional services firm specializing in SAP solutions integration and business process optimization. We are looking for a Functional Analyst to join our dynamic team.

You will be an expert resource in the SAP solution within Beyond Technologies and our customers. You'll be the person stakeholders trust to work and collaborate with, thanks to your ability to manage complex challenges by finding cost-effective solutions while demonstrating the added value of your expertise and our solutions.

---

### Your tasks:

- Facilitate the implementation and support of SAP modules;
- Perform detailed analyses of complex business processes and provide appropriate system solutions; identify, interpret, validate and document customer requirements;
- Facilitate workshops to gather business requirements;
- Map operational requirements, processes and customer objectives; Develop product modifications required to meet customer needs;
- Design, customize, configure and test modules;
- Identify gaps, problems and alternative solutions;
- Act as an intermediary with the customer for problem resolution: investigate, analyze and solve software-related problems;
- Handle urgent changes or transports for high-priority problems as required;
- Document functional design, test scenarios and results;
- Proactively identify and propose business processes or system enhancements;
- Provide consulting services on new implementations and existing support projects;
- Act as an intermediary between business functions and the technical team;
- Provide ad hoc training and user support as required;
- Work independently and act as an expert mentor to less experienced resource

### You have:

- At least 2 years' experience in implementation projects (at least one full cycle) and support, and in the design and configuration of FICO or PP/QM modules, and knowledge of the main integration points with other SAP modules
- Ability to manage multiple tasks, deliverables and projects simultaneously;
- Experience in a professional services or distribution company: an asset;
- Understanding of accounting-related business processes and business processes from the customer's point of view;
- Ability to work in a team-oriented environment and interact with others
- Results-oriented attitude

At Beyond, we want our employees to be happy and healthy both on and off the job. Everything we do and offer to our employees is based on our philosophy that investing in our people is good for all of us! Beyond is dedicated and committed to promoting a diversified and inclusive work environment for everyone. Beyond Technologies is an equal opportunity employer and we believe in fostering an environment where everyone regardless of gender, race, ethnicity, sexual orientation, disability, age, or all other identities feels respected, protected and celebrated.

By providing us with your application, you agree that your documents may be retained in Beyond Technologies' databases for an indefinite period of time in accordance with our internal information retention policies.

You are:

- Dynamic
- Flexible
- Resourceful
