

SENIOR SAP WM/EWM CONSULTANT

Beyond Technologies, a Syntax Company is a professional services firm, specializing in the integration of SAP solutions and the optimization of business processes. We are currently looking for an SAP Senior WM/EWM Functional Consultant to join our dynamic team.

Your tasks:

- Perform analysis and recommendations during the discovery, planning and implementation phases of SAP WM/EWM
- Perform detailed analysis of complex business processes and provide appropriate system solutions; identify, interpret, validate and document customer requirements
- Facilitate workshops to gather business requirements
- Map business requirements, processes and customer objectives; Develop product modifications required to meet customer needs
- Determine scope, effort estimates required during the project
- Design, customize, configure and test the WM/EWM module as well as design the integration with third party systems and other SAP modules (MM,PP etc.)
- Act as an intermediary with the customer for problem resolution: investigate, analyze and resolve software related issues
- Handle urgent changes or transports for high priority issues as needed
- Document functional design, test scenarios and results
- Proactively identify and propose business processes or system improvements
- Provide consulting services on new implementations and existing support projects
- Act as a liaison between business functions and the technical team
- Provide ad hoc training and user support as needed

You have:

- Minimum of 5 to 8 years experience in WM/EWM design and configuration and knowledge of key integration points with other SAP modules
- Ability to manage multiple tasks, deliverables and projects at the same time
- Experience in a professional services or distribution company is an asset
- Ability to understand business processes from the customer's perspective
- Ability to work in a team-oriented environment and interact effectively with others
- Exceptional verbal and written communication skills in English

You are:

- Sincere
- Authentic
- Creative, with innovative ideas
- Self-motivated and determined to succeed
- Solution-oriented

At Beyond, we want our employees to be happy and healthy both on and off the job. Everything we do and offer to our employees is based on our philosophy that investing in our people is good for all of us! Beyond is dedicated and committed to promoting a diversified and inclusive work environment for everyone. Beyond Technologies is an equal opportunity employer and we believe in fostering an environment where everyone regardless of gender, race, ethnicity, sexual orientation, disability, age, or all other identities feels respected, protected and celebrated.

By providing us with your application, you agree that your documents may be retained in Beyond Technologies' databases for an indefinite period of time in accordance with our internal information retention policies.
